

Fine Focus Concentrated on Student Opportunity

-----CALL FOR MANUSCRIPT SUBMISSIONS-----

We are an international journal dedicated to showcasing undergraduate research in all fields of microbiology. Fine Focus is managed entirely by undergraduate students from production to print, but utilizes an external Editorial Board of experts for double-blind peer review of manuscripts.

MISSION We publish original research by undergraduate students in microbiology. This includes works in all microbiological specialties and microbiology education.

ABOUT US *Fine Focus* is a peer-reviewed academic journal with a mission to publish findings of international undergraduate microbiology research in both print and electronic platforms.

As an international journal, *Fine Focus* accepts article submissions from undergraduates, and works with more than 70 Editorial Board members from around the world. We use a double-blind review system to ensure fair & objective review.

WHY WE ARE UNIQUE We are the first international undergraduate journal specifically in microbiology. *Fine Focus* allows interested students the opportunity to see their research efforts through to fruition *via* publication while learning about the scientific peer review process at the same time. **By offering an opportunity for undergraduate students to publish early in their training, they become the authors of, and authorities on, their own education and professional development.**

DONATE We are a non-profit journal, and we rely on donations that able us to continue our work with undergraduates and get also their word heard in the field of microbiology. To donate, please visit: <http://finefocus.org/donate>

WANT TO GET INVOLVED? Undergraduate students can submit microbiology research by going to finefocussubmissions.org. Microbiology professors and other professionals can get involved with *Fine Focus* as editors or reviewers. Let us know if you would like *Fine Focus* in your college or university library.
